Unit V: Practical (Social Work Practice)   [50 LH]

Teaching faculty will plan for this practical work as per the availability of financial resources and feasibility of field work to be carried out related to psychology such as psycho-social analysis. Faculty will make a single group or a number of groups based on the number of students studying. Each group will go to community/society and will carry out field work of 50 hours and will prepare a field work or project work report as the social work practice in the community. There will be a supervisor who will guide/supervisor the overall field work/case work/community/organization work. The student will present this report in the viva-voce organized by the department/campus at end of academic year. This viva-voce including the report submitted by the student will be the basis of final evaluation of 30 marks allocated for the practical of social work practice.
