Welcome to **MEGA COLLEGE!**

It's my pride and pleasure to state that Nepal MEGA College has become one of the well-established colleges in Kathmandu. Since its inception, Mega team is moving ahead with progressive thoughts and vision. Due to the continuous effort of the whole team, the college has been able to gain the height.

However, we never want to remain stagnant in today's dynamic world. We are ever active being guided by dynamic vision. As a result, the college has taken a colossal dimension within few years. Now, our team is devoted to establish it as a world class academic institution in creating and disseminating knowledge, and providing students a unique learning experience. I invite you to discover what makes MEGA a remarkable place to learn and to be inspired. We are confident that you will join us to enhance your potential and to get you ready for future.

You are most welcome to MEGA.

Mr. Gopal Khanal

Chairperson

Senate Member, TU

It's Time For A New Beginning. Your Success Starts Here ...

Dear SEE Graduates!

Now, you are at the crucial phase of your life. The success that you achieved at school is not ultimate, but the starting point to another. Only with good knowledge in your hands and the open heart, you can scale the apex of success in the days to come. Always remember, you have within you the strength, the patience, and the passion to reach the stars. What you need now is adequate guidance, intensive care and stimulating environment to develop your potential the best.

Nepal Mega College is such academic institution where bright minds meet, discover and learn. It has developed an educational ambience in which you will be able to immerse yourself in the joys and rigors of learning, and then you will be able to explore the world from new perspective. Thus, Mega will open a new avenue for your successful career.

Mr. Dinesh Khanal
Principal

Dear Prospective students,

The destiny of hard work is always success. You did hard work and embraced the success. Congratulations on your achievement!

You are just ascending the steps of higher education. There are many things to consider while making a choice about post-secondary education. We assist you with resources, advisors, and special events to decide your future career. Our exemplary teacher-scholars and counselors will support you for your academic, spiritual and emotional upliftment.

We do more than providing a path to a new career. We join our students on their journey for excellence. No matter which program you choose, we will support you to conquer challenges and celebrate triumphs all along the way. We invite you to visit the college and experience the things yourself.

MEGA From Toppers' Perspectives

It was a great pleasure for me to join MEGA. I have awesome experiences as a student of this college. Friendly teaching and learning environment qualified and experienced teachers are the special characteristics of the college. MEGA faculty provided me with a new insight and inspiration, which I can never forget. I could win full scholarship to study MBBS in IOM, Maharajgunj. The first credit of this achievement goes to MEGA College. I am really thankful to MEGA Faculty.

I would like to suggest all the students not to be dilemma to choose Nepal Mega College.

Santosh Upreti

Full Scholarship Winner (2078)
MBBS, IOM, Maharajgunj

When I think of Nepal Mega College, I not only remember it as a higher secondary school but also an excellent ground where there is incredible bond formation with diligent teachers and cooperative friends from across the country. After the completion of SEE, I chose Mega for further education. After two years, I came to the realization that I had made an excellent choice. Mega not only enriched my education level but also helped me to find the possibilities within me and to open the door of exploration. The two years in the college premises became milestone for my future career. Mega helped me to nourish my academic growth, and I was able to win full scholarship to study Civil Engineering at Pulchowk Engineering College. I am really indebted to Mega family.

Pratik Aryal

Scholarship Winner (IOE, Pulchowk, 2078)

After the completion of SEE examination, I entered the valley with a big hope of accomplishing my dream and selected Mega for studying +2 level Science. Finally, Nepal Mega College turned out to be best platform where my hopes – gaining and utilizing powerful knowledge and to be an ideal student, were fulfilled. Quality education, friendly learning environment, perfection and enthusiasm are the synonymous of Mega. The extra ordinary teaching faculty and learning environment here are very appreciating. The time I spent in Mega college became very joyful and fascinating. The endless support and encouragement of teachers is the greatest source of my today's success. I feel proud to be a Meganian.

And I would like to say my juniors that your real success begins from here

Jesis Upadhyay

Scholarship Winner, B.E., 2078

The most glorious phase of my life was spent at Mega that accredited comprehensive knowledge in active learning atmosphere and nurturing environment. All the faculty members and staff in the college are exceptional. I would like to thank the entire team for shaping me to who I am today. Mega is truly a centre for excellence.

Avay Kumar Sukla

Scholarship Winner, MBBS, 2078

I had a dream of being a civil engineer, and my college i.e. Nepal Mega College unlocked the door of my dream. As its motto "Dream Big", this college not only made me dream big but also provided every possible facility to nourish the thoughts that coherently resulted in fruitful experience. The years in its premises encouraged me for a big deal. It's not the push that changed my mind, but guidance and mutual understandings triggered the right bottom in my intellect. I don't know what other colleges do, but what mega does to nourish your dream is quite amazing. After my experience, I would suggest to the SEE graduates to have same pleasure being a part of Mega family.

At my first visit to Nepal Mega College, I got highly influenced by its academic environment, and decided to join it. It has been one year since I joined the college. It has made me believe in myself. I was root less then, now I have reaped a dream and am working hard to achieve it. It taught me to stick to my opinion and be myself. I

learned not only those closed chapters of book, but also the open practical world. I could realize the theory learning by doing. The quality of education is outstanding here, and caring teachers make the students believe that nothing is hard to learn.

The college has helped me to be courageous enough to encounter the new test and to boost up my confidence. Still a year is left, and I believe that I would get something new and something greater. The most beautiful thing what I learned is that first you need to dream big and work harder to achieve it.

Being a student, it is rather a difficult job to choose the best place for achieving success. I came out of difficulties when I chose MEGA as my career company. It not only provided me with the bookish knowledge but also a true insight to view the outer world. It has collaborative environment that enables us to broaden the view. I am fully convinced that MEGA leads anyone towards the path of success. Truly I am proud to be a Meganian.

It's my great pleasure to be a part of MEGA. After SEE results, the college advertisements really baffle the students. In my opinion the best college is the one which motivates the students to work hard and inspires them to rise with new spirit in every fall. This is what I experienced at MEGA. The best thing about

this college is teaching faculties. They are exceptionally cooperative, supporting, enthusiastic, friendly and brilliant in subject matter.

Nepal Mega College is truly a mega centre for excellence because of the hard working and highly dedicated faculties who are desperate to bring intellectual and mental growth in you. I have truly experienced my full potential whilst studying here. Needless to say, Nepal Mega College has been my second family for the past two years where everybody treated me as a family member. The student-centred

learning approach with well-equipped laboratories and spacious library that supply adequate resources for effective learning are really astounding. I feel really proud to be a Meganian and am really glad that I choose Nepal Mega College for +2 studies.

Among many colleges in Kathmandu valley, I chose MEGA because of its excellent faculty and flexible learning. The teachers here guide us in such a way that helps us grow better academically and in person. I thank the college for boosting up my confidence, providing me with homely environment and full academic support.

The words are not sufficient to describe the friendly environment, indelible guidance of the teachers and individual care of the college administration. So, I would suggest every +2 aspirants to join MEGA to achieve what you have not imagined. It's because NMC won't let you down.
